

Development Formulation

3-in-1 Bath, Body and Massage Oil

This 3-in-1 Bath, Body and Massage Oil is a nourishing and softening oil with our specially developed Nursing Oil, Jojoba Oil, and Shea Oil to support and fortify baby's skin. It is quickly absorbed into the skin without leaving it feeling greasy or oily. Ideal to use as a bath oil as the oil locks many times more moisture on wet skin compared to an ordinary lotion on dry skin, leaving the skin feeling baby soft and smooth.

INGREDIENT	INCI NAME	%
Phase A		
Nursing Oil	Brassica Campestris Seed Oil, Oryza Sativa Bran Oil, Cocos Nucifera Oil	10
Cosmosil 660 - Shea Oil	Butyrospermum Parkii Oil	10
Jojoba Oil	Simmondsia Chinensis Seed Oil	10
Octyldodecanol	Octyldodecanol	35
Caprylic/Capric Triglycerides	Caprylic/Capric Triglycerides	34,7
Tocotrienols	Tocotrienols	0,3

Procedure

1. Mix the ingredients of Phase A until homogenous.

Raw materials from ICSC

Nursing Oil

Brassica Campestris Seed Oil, Oryza Sativa Bran Oil, Cocos Nucifera Oil

Nursing Oil has soothing, nourishing and healing properties, which makes it perfect for baby's skin. It provides useful fatty acids, such as Omega-3, which will increase the health of the baby's skin.

Cosmosil 660 - Shea Oil

Butyrospermum Parkii Butter

Shea Oil is an excellent alternative to shea butter, since it is more concentrated in unsaponifiable compounds, and it is liquid at room temperature. Shea Oil is known for its anti-inflammatory properties and is suitable for sensitive or weakened skin. It reduces the transepidermal water loss by forming a protective film; the skin is deeply moisturized and protected from external aggressions.

Jojoba Oil

Simmondsia Chinensis Seed

A liquid wax with softening, protecting and moisturise-retaining properties. Suitable for all skin types. Jojoba oil is abundant in important vitamins and minerals, including Vitamins E and B-complex, zinc, copper, selenium, chromium and iodine. It restores the natural balance of the skin by bringing in moisture and hydration. Jojoba oil is antibacterial, anti-inflammatory and non-comedogenic.
