

Development Formulation

Deep Cleansing Oil

A lightweight, antioxidant-rich cleansing oil that melts away makeup and impurities, leaving your skin clean, soft and radiant. With healing amla, tea seed and jojoba oil, it gently removes excess oils from your skin, leaving it hydrated and perfectly balanced.

INGREDIENT	INCI NAME	%
Phase A		
Argan Oil	Argania Spinosa Kernel Oil	43
Cosmosil 660 - Shea Oil	Butyrospermum Parkii Oil	39
Jojoba Oil	Simmondsia Chinensis Seed Oil	10
CBD Oil 1%	Cannabis Sativa seed oil, Cannabidiol	4
Rosemary Oil	Rosmarinus Officinalis Leaf Extract, Brassica Campestris Seed Oil	4

Procedure

1. Mix the ingredients of Phase A until homogenous.

Raw materials from ICSC

Argan Oil

Argania Spinosa Kernel Oil

This oil is rich in poly-unsaturated fatty acids (including Linoleic Acid, Omega-6) and natural tocopherols. Provides lightweight moisture that nourishes all skin types by helping to restore the skin barrier.

Cosmosil 660 - Shea Oil

Butyrospermum Parkii Butter

Shea Oil is an excellent alternative to shea butter, since it is more concentrated in unsaponifiable compounds, and it is liquid at room temperature. Shea Oil is known for its anti-inflammatory properties and is suitable for sensitive or weakened skin. It reduces the transepidermal water loss by forming a protective film; the skin is deeply moisturized and protected from external aggressions.

Jojoba Oil

Simmondsia Chinensis Seed

Jojoba Oil consists of wax esters similar to the ones present in natural sebum produced by our own skin. It has softening and protecting properties, is absorbed quickly and is excellent for all skin types. Jojoba oil contains powerful antioxidants and vitamins and restores the natural balance of the skin by bringing in moisture and hydration. Jojoba oil is antibacterial, anti-inflammatory and non-comedogenic.

CBD Oil 1%

Cannabis Sativa seed oil, Cannabidiol

CBD oil has anti-acne and anti-inflammatory properties, making it very suitable for relieving inflammatory skin conditions such as eczema, psoriasis and acne.

Rosemary Oil

Rosmarinus Officinalis Leaf Extract, Brassica Campestris Seed Oil

Rosemary Oil has high antioxidant properties. It enhances the oxidative stability of the applications where it is implemented. It is used as an emollient and a carrier in the cosmetic industry. It has excellent moisturizing and skin smoothing qualities.
