Procedure

1. Heat phase A to ~ 80 °C and mix until melted and homogeneous.
2. Cool to ~ 60 °C and fill into stick containers.

Raw materials from ICSC

Shea Butter

Butyrospermum Parkii Butter

Our Shea Butter has many uses in cosmetics. Good skin tolerance with well documented soothing and calming properties makes it well suited for repairing dry skin. Shea butter in combination with the oils and wax in this tinted lip&cheek balm creates the ultimate moisturizing agent for your lips, and will keep your cheeks looking glowy and healthy.

Sunflower Oil

Helianthus Annuus Seed Oil

Sunflower oil acts as an antioxidant as it is rich in Vitamin E or tocopherols that help in neutralizing free radicals. The free radicals damage the cells and the immune system. Being rich in nutrients and antioxidants, it is widely used for medicinal and cosmetic purposes and is found to be effective against acne, eczema, inflammation, general redness and irritation of the skin.

Danox R-3204

Helianthus Annuus Seed Oil (and) Rosmarinus Officinalis Leaf Extract

An oil solution of natural antioxidants extracted from best quality dry leaves of Rosemary without its characteristic odor, combined with synthetic antioxidant for a synergistic effect. It can be used for extending the shelf life of conventional products.
